47 Elusive Warning, 2004, by Elusive Quality	6	18	4	\$53,068

The statistics shown here are compiled by The Jockey Club Information Systems (TJCIS). While every effort is made to prevent errors and omissions, California Thoroughbred cannot guarantee their complete and total accuracy. Earnings are from all available Northern Hemisphere racing and include adjusted money from Japan and Hong Kong. Adjusted earnings are put on par with average North American earnings from the previous year. The average North American purse in 2022 was \$30,508 or 73% of the average purse in Japan. To put earnings on par, Japanese earnings are multiplied by 73% before being applied to the total earnings above. Hong Kong earnings are adjusted by 17%. Stakes winners and wins follow TJCIS stakes rules. Racing statistics through March 24, 2024.

2024 LEADING SIRES IN CALIFORNIA BY MEDIAN EARNINGS PER RUNNER

These statistics are for active California-based sires with a minimum of 50 foals of racing age, ranked here by their lifetime Average Earnings Index (AEI). The statistics shown here are compiled by The Jockey Club Information Systems (TJIS). While every effort is made to prevent errors and omissions, California Thoroughbred cannot guarantee their complete and total accuracy. Sires that are dead, pensioned, or no longer standing in California remain on these lists until their last Cal-bred crop turns 3 years old. Statistics are from all available Northern Hemisphere racing with earnings adjusted for Hong Kong and Japan. Stakes winners and wins follow TJIS stakes rules. Percentages are based upon number of named foals of racing age.
