The statistics shown here are compiled by The Jockey Club Information Systems (TJCIS). While every effort is made to prevent errors and omissions, California Thoroughbred cannot guarantee their complete and total accuracy. A dagger (†) indicates a stallion that has been pensioned or has died, a dot (•) that he is now standing elsewhere (sires no longer standing in California remain on these lists until their last Cal-bred crop turns 3 years old). Freshman sires are highlighted in bold text. Statistics cover racing in North America (U.S., Canada and Puerto Rico), England, France, Germany, Hong Kong, Ireland, Italy, Japan, Mexico, Saudi Arabia and the United Arab Emirates (UAE) only. Stakes winners and wins follow TJCIS stakes rules. Racing statistics through November 12, 2017.

These statistics are for active California-based sires with a minimum of 50 foals of racing age, ranked here by their lifetime Average Earnings Index (AEI.) The statistics shown here are compiled by The Jockey Club Information Systems (TJCIS). While every effort is made to prevent errors and omissions, California Thoroughbred cannot guarantee their complete and total accuracy. A dagger (†) indicates a stallion that has been pensioned or has died, a dot (•) that he is now standing elsewhere (sires no longer standing in California remain on these lists until their last Cal-bred crop turns 3 years old). Freshman sires are highlighted in bold text.. Statistics cover racing in North America (U.S., Canada and Puerto Rico), England, France, Germany, Hong Kong, Ireland, Italy, Japan, Mexico, Saudi Arabia and the United Arab Emirates (UAE) only. Stakes winners and wins follow TJCIS stakes rules. Percentages are based upon number of named foals of racing age.
